

Technical Advisory Committee
Arizona Statewide Health Insurance Planning Grant

Charter:

The Technical Advisory Committee will serve in an advisory capacity to both the AHCCCS Administration and the Statewide Task Force; providing guidance in the development of plan options as well as feedback on proposed approaches.

Scope/Authority

The committee is composed of representatives from the physician community, insurance companies (urban/rural, commercial and specialty), hospitals, state agencies, and co-chairs of the task force. The Technical Advisory Committee shall insure all actions and recommendations will adhere to the guiding principles developed by the Statewide Health Care Insurance Task Force.

Committee Tasks

As health care experts, through 3-4 committee meetings it is anticipated the committee will:

- Provide insight on Policy Papers
- Review and provide input on model development and analysis
- Assist with final models
- Review and provide input on final statewide approach
- Assist with other identified issues
